

MSMWJ202 – Use high pressure water jetting equipment

Why is Recognition of Prior Learning (RPL) necessary?

Following a 2021 review of the high pressure water jetting competency units, students wishing to enrol in MSMWJ304 - Operate a high pressure water jetting system, must already hold MSMWJ202 - Use high pressure water jetting equipment. By completing the process outlined below, you can provide evidence that you already have the competencies in the prerequisite unit.

All-Ways Training Services Pty Ltd (AWTS) offers the opportunity to apply for RPL against the unit MSMWJ202 – Use high pressure water jetting equipment. In order to meet the requirements of a Registered Training Organisation, a formal process must be followed which includes:

1. providing evidence that you already hold a superseded unit (listed below) **and**
2. that you possess the additional competencies listed in MSMWJ202 - Use high pressure water jetting equipment.

If any gaps are identified, you will be informed and advised of any training needed to fill the gaps.

Previous/superseded qualification must be one of the following:

- MSMSS00003 - Use high pressure water jetting equipment
- MSMSS00004 - Operate a high pressure water jetting system

There is no charge for this RPL application.

Important Assessment information

The Process

<p>1. Participate in preliminary discussions</p>	<ul style="list-style-type: none"> • A member of our team will discuss the option of RPL with you and ask questions to establish whether it is a suitable pathway for you. • This is usually done over the phone and takes less than 10 minutes. • Where appropriate, an RPL application pack will be sent to you.
<p>2.
