

We are here to help

If you need any assistance or support with your wellbeing at any time during your enrolment and/or training with us, please let your trainer or any member of the AWTs Team know as soon as possible.

We are here to assist you during your assessments

- Our knowledge assessments are 'open book' so you don't have to commit everything to memory.
- We are not here to test your spelling or grammar, just your knowledge and skills.
- There's no such thing as a silly question. If you need any assistance, please ask.

If you have an issue you feel more comfortable discussing with us outside of the training environment

Please contact us on: (08) 9434 6622 or admin@awtstraining.com.au

A list of External Support Services is also available on website.
